**Subject:** Tega Cay Sewage Overflow 4/28/13

To All:

I understand that Utilities Inc had another SSO in Tega Cay last night. When will this madness stop? Take away their permit!! Let a GOOD company fix the issues and stop polluting our water. This should not be tolerated. My water bill is up to \$71 a month from \$55 a month (single family household) and we still have sewage going into the lake. What is the action plan? I swim (and probably drink a fair share), live and boat on these waters. This is disgusting!!! How many other spills are occurring by Utilities Inc. daily in SC or the USA and no one is reporting them? Any spills in River Hills last night? PLEASE fix the problem or put Utilities Inc. out of business.

Sincerely,  
Steve Kunzmann
